A Weekly Newspaper Devoted to Furthering the Civic and Rural Interests of the Whole of Washington Township

49 YEARS OLD — NILES, CALIFORNIA THURSDAY, NOVEMBER 11, 1937 — NO. 45

AROUND *the* TOWNSHIP

"If Washington Township was located in Southern California, it would be as widely publicized as San Diego for its mild, equitable climate."

This statement was made to Ye Editor on Monday. We avoided all argument and agreed.

This area has had some favorable advertising—by word of mouth, which is slow at best. There are scores of persons who have lived here and gone other places that are still singing the praises of the township for its climate and other advantages as a place to live.

However, it is statements such as this which provoke great thoughts for the future. A few statistics and some nice pictures, put together in attractive folder or booklet form undoubtedly would go a long way toward inducing prospective home-seekers to give us the O-O before selecting a place to light.

* * * *

An off-spring of Old Faithful of Yellowstone fame made its appearance on First street, outside the Register office, at noon Monday. P. G. & E. workmen punctured a water pipe with an electric drill while sinking a hole in the pavement for renewing a valve on a gas main, or something.

Nearby customers were without water service for a brief time and the street pavement got pretty wet before the right key was located for the shut-off and the damaged pipe repaired.

* * * *

The customer is always right. And, in the present situation it will be the patrons, themselves, who will ultimately have the say as to whether the Niles telephone system will remain hand crank or be changed to automatic dials, all pros and cons and other discussions notwithstanding.

If and when the company's survey indicates the switch can be made, there still will be the matter of a railroad commission hearing in the territory affected to allow users to register their opposition. Then, too, there are the individual agreements between the patrons and the company covering the 25-cent hike in rate, if and when they are asked to sign.

HUSKIES WIN FROM GILROY

In a hard fought and hotly played game the Washington High Huskies defeated the Gilroy Mustangs in one of the final League games to be played this year on the latter's turf last Friday with a score of 13 to 6.

It wasn't until early in the second half that Washington made its first 6 points on an off tackle run by Paul Rivers from the two-yard ilne. Then with the eye of a candid cameraman, Rivers placed the old pigskin squarely between the goal posts, scoring the extra point making the score 7 to 0.

Later in the same quarter the never failing pass from Kakimoto to Mellow over the left end, a total of 70 yards, scored the second 6 points, making the score 13 to 0 in Washington's favor.

It was late in the second half that Gilroy received the ball on a fumble on their own 20-yard line and in three plays had the ball over for 6 points making the score 13 to 6 in Washington's favor.

Washington plays its final game on November 19 with Campbell. If Washington wins this game they can let the air out of the old pigskin and put it upon the shelf and call themselves a championship team of an undefeated season.

EXTENSIVE SANITARY SYSTEM MAY SOLVE LOCAL BOARD PROBLEM

DECOTO— Wholesale inclusion of the East Bay district into a common sanitary system was indicated at a meeting held at the Oakland City Hall last week.

Due to the program outlined there, no further steps will be taken by the sanitary commission here regarding installation of a sewer system until the larger plans are learned, stated J. P. Calderia, president of the local sanitary board. Calderia, Peter Decoto and Frank Rebelle attended the meeting and were the only representatives from Washington Township.

Attention will first be directed to the approaches to the Bay bridge in view of the coming fair in 1939. Housecleaning for the benefit of residents and visitors who will journey here for the fair will later be extended to Southern Alameda Districts, it was indicated.

A vivid picture of the rugged scenery of that northern land, its fishing villages and mining towns, totem poles, the church founded by Russians, the luxuriant flower gardens, lakes and canals and glaciers, was given by Miss Bunker. Sunsets htat begin at 8 o'clock and last until 11, almost continuous rains and the hospitality of Alaskan people were commented upon.

BOLD PAIR LOAD AND HAUL AWAY 2500 FEET OF PIPE

NILES—Officers are searching for two bold thieves who carried off 2500 feet of 3½ inch steel casing pipe stretched along the new highway a mile south of Niles. Two young men were seen by nearby residents to drive up in a large semi-trailer truck and load the 40-foot lengths of pipe about 11:30 o'clock last Friday morning.

Spectators thought it was the highway crew cleaning up after the recent completion of the new road. The truth of the matter is that the pipe, used by the Eaton-Smith contractors in building the new road had been purchased by the Alameda County Water District, according to E. A. Richmond who notified Deputy Sheriff Henry Vervais.

ONE-MAN BAND OF DECOTO HOME GOES TO SCIOTS' PARLEY

Monday morning when the Southern Pacific train pulled out from the Niles station its Railway Express car contained a ponderous wooden box with the equipment of the famous "Abe Hamblin's One Man Band", from the Decoto Masonic Home.

In the smoking car behind the express railway car was Sciot Abe L. Hamblin, member of Southwest Masonic Lodge at National City, San Diego County, popular resident of the Masonic home, sole owner and operator of the band. Tucked away in the folds of Abe's pocket book was a ticket giving his destination as Long Beach, the rallying place this week of all the Sciot Pyramids of California.

The instruments of Abe's One Man Band consists of a harmonica, a "bull" fiddle, a base drum and cymbals. Abe supplies the wind power for the harmonica from a frame fastened to his head while at the same time he operates the fiddle, drum and cymbals with his hands and feet.

While his specialty is "dance music" Abe is said to be equally good on other kinds of music all of which he is able to play after once hearing the particular number presented, and from an instrument of whatever sort. He "fills in" at many of the Decoto Home entertainments and furnishes music now and then for private parties. Occasionally he is the "whole works" for the weekly dances of the oldsters of the home.

Holding credentials as a member of the San Diego Pyramid of Sciots Abe announced upon departure from Niles that he would be subject to the call of the Long Beach convention or any part thereof with any kind of music desired.

ARMISTICE DAY

NO ARMISTICE—

I saw you last upon a hill's high crest,
A silhouette against the morning sky;
You stood a moment, then with arms outstretched
Gave me a silent gesture of goodbye.

And now dawn creeps upon that lonely hill,
Its emptiness reminder of my loss—
Each rising sun lights up a memory
Whose shadow has the likeness of a cross!

—Gladys Williamson

Football Game And Ceremony Armistice Day

CENTERVILLE—Armistice Day ceremonies will be held this afternoon at 1:30 o'clock at the Washington Union High School under the sponsorship of the American Legion posts of Washington Township and Livermore. The feature of the occasion will be the Big Game between football teams of Centerville and Livermore high schools. Neither team has been defeated and the contest promises to be a good one.

The public is asked to patronize this affair and as it is the only Armistice Day program announced in the township a good attendance is expected. Funds will be divided among the two teams and the American Legion which in turn will donate its share to the Christmas fund of the U. S. Veterans hospital at Livermore.

By defeating the Gilroy team last Friday afternoon at Gilroy, the local football team has a no-loss score and is hoping for the championship of the Santa Clara Valley Athletic League which it joined this year. Coach Jud Taylor is still warning against overconfidence, however, as the Campbell team which they are to meet next Friday, Nov. 19, is also undefeated.

The line-up for Thursday's game here will include Costa, Inouye, Rivers, Kakimoto, Solon, Ahm, E. Gaunt and B. Mellow.

Before the game there will be a parade of Legion colors, firing squads, representatives of the Auxiliary and Junior Auxiliary and the drum corps of the Sons of the Legion. The admission is 50 cents, children 25 cents and high school students, 10 cents.

Following last Friday's game between Livermore and Emeryville, Livermore now has one loss for the season's record. The Emeryville High School Spartans defeated Livermore 13 to 6.

Probable line-up for Livermore at Thursday's game will be B. Meyers, c; Frevola, rg; Falsarella, lg; Fuchs, rt; Reedy, lt; Schenone, re; Franco, le; Gallagher, q; Clark, rh; Sikes, lh; Williams, fb.

Competition between Livermore and Centerville will be increased by the memory of a 6-0 score in favor of Livermore at last years Big Game between the two teams.

With Friday's defeat, Livermore lost the chance of winning the Southern Alameda County Athletic League championship.

SENTENCE NEWARK MAN FRIDAY ON PETTY THEFT CHARGE

CENTERVILLE — Marceline Rose of Newark will appear before Judge Allen G. Norris at the Centerville justice court Friday afternoon to have sentence pronounced after pleading guilty to petty theft, in connection with alleged chicken-stealing at the Frank Overacker place in Newark in September, 1936. A burglary charge, also involving Albert Dias, was dismissed at request of Deputy District Attorney Joe Schenone.

Overacker testified that the lock had been broken on his chicken house and that a total of 46 chickens, including one prize rooster, had been taken. He said the chickens were worth not less than $1.50 each and that he would be satisfied with payment of $80, which the defendant was ordered to pay.

Rose was represented by Attorney Cyril Roche of Hayward. The defendant was brought back from Los Angeles on Sept. 25, and has been in the county jail in lieu of bail.

GARDEN CLASS VIEWS RIOT OF COLOR AT HERBERT HARROLD HOME

DECOTO—A rare treat for members of the garden class at the Washington Union High School was the visit on Monday to the garden of Mr. and Mrs. Herbert Harrold on the Whipple Road.

Thirty members, including ten new ones from Hayward, spent two hours viewing the riotious display of color in the chrysanthemum beds and learning something of the old plants and trees which make this one of the most interesting of Washington Township gardens.

The rose garden includes red Safrano roses planted 70 years ago by Mrs. Harrold's aunt, Eleanor Whipple, and the Monterey cypress and pine trees grew from seeds planted by her uncle, John C. Whipple, in 1861. The other shade trees were secured that same year from the John Rock Nursery at Niles, one of the first in California. The garden also has a camelia tree more than 50 years old.

At present more than two dozen varieties of chrysanthemums splash their brilliant color against the background of well-landscaped lawns and the ancient trees.

This was one of the monthly tours made by the garden class taught by Mrs. Martha Phillips. Another tour will be made the first Monday of December. The class meets the same afternoon from 2 to 4 o'clock in the visual education room at the high school. There is no fee and the public is invited.

TRIAL CONTINUED FOR DECOTO MAN

DECOTO—Raymon Reveira of Decoto pleaded not guilty to disturbing the peace after allegedly slashing his brother, Joe, with an axe at Decoto on Oct. 24, and the trial was continued to Friday at 1:30 o'clock at Judge J. A. Silva's court.

Tom Power, attorney for the defendant, stated his client was in need of medical attention. Reveira is free on $50 bail.

Judge Silva To Reach Decision On Friday In Case Of Deer Slayer

NILES—Offsetting the defense strategy of challenge of prosecution testimony on the grounds that the witnesses were not expert chemists and therefore able to state that blood and hair found on the clothes of the defendant had come from a deer, Deputy District Attorney Joe Schenone at Friday's trial of George Christensen, Oakland hod carrier, charged with killing an illegal deer, called Francis X. LaTulipe, criminologist of the San Francisco Police Department.

LaTulipe testified that he had been a member of the San Francisco criminology department for the past 12 years and was qualified as a ballistic expert. He stated that his findings were available both to the defense and the prosecution in any case in which he worked and that in several cases while investigating for the prosecution he had found evidence of benefit to the defendant and had given the same.

He said that in his opinion the two mis-fired cartridges said to have been found with Christensen were fired from the same gun as that found with the deer near the spot where Christensen was apprehended on Oct. 6 by Ranger Dan McCarthy of the San Francisco Water Department near the Calaveras Dam. LaTulipe said he had fired cartridges from the gun entered as a prosecution exhibit and that markings on the shells had been the same as on those entered by the people.

He did not bring the shells he had fired to court and was instructed to mail same to Judge J. A. Silva before decision was made. Both Schenone and Defense Attorney Leo Sullivan rested the case without argument. A decision is to be made by Judge Silva and announced Friday morning at 10 o'clock.

A new witness was introduced by Sullivan, A. T. Rowley of Oakland who stated he had killed a deer on Sept. 19 in Tehama County and had delivered same to Christensen to dress on Sept. 20. Testimony showed Christensen had carried the deer in the rumble seat of his car from Rowley's home to his own, a distance of 45 blocks. Sullivan attempted to show that deer hair and blood found in Christensen's car had come from the deer Rowley killed in September.

Ranger McCarthy was recalled to the stand by the prosecution and testified that on Oct. 6, there was "wet" blood in the rumble seat of Christensen's car and that he still stuck to his story that it was deer blood in spite of Sullivan's challenge that he was not a chemist.

Christensen took the stand at the request of his attorney and stated that on Oct. 5, he was in an Oakland beer parlor, struck up a conversation with a man whose name he did not remember, took the man home from Oakland to Milpitas, left him there, proceeded toward the Calaveras Dam section, picked up another man whose name he did not remember, and was forced to sit in the car with his passenger for the remainder of the night when the headlights of the car burned out.

The next morning he got out of the car and found the two cartridges in the road. When stopped by Ranger McCarthy he said he thought it was a hold-up and that was why he did not stop immediately and why he turned off at a side road instead of proceeding to Sunol as instructed. He could not remember why he turned around on the side road and when asked how wide the road was replied that "it as wide enough to turn the car around."

He denied having ever seen the gun or the clip offered by the prosecution as exhibits.

The old bell and the original baptismal font are still in use and nearby avenues of olive trees planted by the padres are still bearing.

Second Masonic Table Wins Recognition For Decoto Home Resident

MASONIC HOME, DECOTO—A year ago the western division of the Associated Press, San Francisco, handled a large part of the publicity relating to a Masonic table, a hand-made masterpiece showing the genius of its builder, Walter C. Lynch of Pasadena, a member of the Decoto Masonic Home, where he devotes his spare time turning out samples of his skill in cabinet novelties.

This table was presented by Lynch to his Masonic lodge at Pasadena, the presentation being made with ceremnoies at the 87th communication of the grand lodge of California at San Francisco.

The publicity brought the Decoto Masonic Home worker an order for a similar table from James C. Warren, prominent business man and Scottish Rite Mason at Charlotte, North Carolina, with instructions that the design include not only the symbols of "blue" lodge and Order of the Eastern Star but as well those of the higher Masonic bodies, including the Scottish Rite, the work to feature a border of the 33 Scottish Rite links.

The 1936 table was composed of 14 different kinds of hardwood and contained 10,338 pieces, the top alone having 8.500 pieces. There are 40 Masonic Emblems in the 1937 table, 21 in different kinds of wood enters its composition, and there are 11,107 pieces. The weight is 87 pounds and 47 emblems are brought out, all of inlaid pieces of three-eights of an inch thick.

In a letter just received, enclosing his check for a handsome amount of the coin of the realm, Warren expresses his appreciation and thanks to Lynch and asks that in case he should need another such table whether the Masonic Home cabinet worker would be able to fill the order.

Warren states upon arrival at Charlotte he placed the table on display in the Red Fez club. Upon completion of the Masonic temple, to replace the one destroyed by fire several months ago, the temple will be the permanent home of the Lynch handmade masterpiece.

The 1937 table is to be given wide publicity through the Associated Press.

Incidentally both 1936 and 1937 table pictures were taken by D. R. Rees of Niles.

WHAT-A-MAN SANTA!

There's one man for whom our respect never ceases. And that man is Santa!

In a world of confusion, he suddenly emerges, weeks ahead of schedule bubbling over with enthusiasm, chuckling over new-found trinkets and hilariously confident of his ability to overshadow the war in China, the Congress in Washington and the ticker tapes of the nation.

This rotund chap, with the gay-colored clothes, already is happily busy with his holiday broadcasting. According to Santa, his loyal helpers, American toymakers, are preparing for toy sales this year topping 230 million dollars! That's 10 per cent better than last year. And it means that Santa Claus will tote his heaviest pack in seven long years!

We can't argue with a fellow like that. He's going places—no doubt about it! He's a phenomenal chap. He's What-A-Man Santa!

DEATH IS A JAY-WALKER

Motorists have come in for severe condemnation as a result of our constantly increasing carnage on streets and highways. And we have no desire to make excuses for reckless autoists. Our motor vehicle death toll is a national disgrace.

But this week comes an announcement from the National Safety Congress that out of every 100 persons killed by automobiles, 40 are pedestrians. And 55 per cent of the pedestrian deaths, the safety group reported, "resulted from accidents chargeable principally to the fault of the pedestrian himself".

That would indicate we need to crack down on careless pedestrians almost as vigorously as on reckless motorists, for **Death walks with the jay-walker!**

EAGLES WILL HOLD INITIATION MONDAY

The ritual will be put on by the San Jose Aerie in the competition now in force among East Bay aeries. President M. F. Silva will preside and the new members are Joseph F. Trinidad of Newark and Manuel C. Gomes of Niles.

A large crowd of Alvarado Eagles an dtheir friends attended the turkey shoot at Cobble Crest Ranch in Niles Canyon on Sunday.

COMPLIMENTS COUNTY ON KEEPING DOWN COSTS OF ACCIDENTS

Clark B. Day, manager of the State Compensation Insurance Fund, with offices in San Francisco complimented the county upon its good record in accident prevention during last year in a recent letter. He said:

"The County of Alameda established a good record for keeping down accident costs during 1936, and we take pleasure in enclosing our check for $9263.64 in payment of the dividend consequently earned under that year's policy. The policy year ran from January 29, 1936 to January 29, 1937. We appreciate the cooperation which enables us to effect this saving for the county and desire to congratulate you on the result.

"The attention which you give to accident prevention and the reduction of accident costs will save money each year for your county. The welfare of those of your citizens who are employees of the County of Alameda is far more important, however, than is the saving of money. They are the people to whom accident prevention means the most."
